BRIEF ABSTRACT OF LETTER.

S With reference to para 3 of G.O. N^o 1366-9/LB. 314-11-4 dated 1st Aug 1913 submits a statement showing the rates of toll that may be adopted for levy at the new toll gate near Kaimara, on the Bababudan Hill road.

NOTES AND ORDERS.

The rates proposed are the maximum rates prescribed by G.O. N^o 8471-511/LB. 233-12-7 dated 23rd April 1913. But ~~it is~~ according to item no 2 in the list received, tolls at the rates of 4as + 2as may be levied on ~~cars & motor~~

Serial
No.

laden and empty carts drawn by single bullock, pony or other animal and thus the rate on this class of carts would be more than the maximum rate allowed by the order of the 23rd April 1913.

2) The note that no toll will be levied from foot passengers seems superfluous.

3) As regards carts, the classification given in the schedule appended to the order of the 23rd April 1913 may be adopted

so as to be in conformity with the order:-

S

4) In para 2 of G.P.N. 1366-9 / LB 314-11-4 dated 1.8.13 it has been directed that the realization from tolls should be credited to Provincial funds. Evidently the intention of Govt is that the income from tolls should go to Provincial funds towards the reduction of the grant-in-aid sanctioned only for 2 years. The road being a D.F. road, the income from tolls should be credited to District funds after the lapse of two years unless the grant is continued further or permanently.

~~Draft put up for approval on other order,~~

K.P. 82. 5) The D.C. has not stated whether the collection of tolls will be leased out or managed departmentally.

K.P. 82. 6) Draft submitted for orders
